Demolition of Master Robert Hotel paves way for new hotel and residential development for Hounslow

Demolition has started on The Master Robert Hotel in Hounslow.

The hotel, which has been part of the Splendid Hospitality portfolio for over 15 years, will undergo a significant redevelopment project paving the way for a new hotel and residential development for the area.

“This is a big step towards creating our brand-new accommodation proposition for the community of Hounslow,” says Stuart Bailey, CEO of Splendid Hospitality Group.

“After a lengthy planning process, we are delighted to start work and we look forward to unveiling a wonderful new building.”

Colin Rice, Group Facilities & Risk Manager for Splendid Hospitality Group, who first started working in hospitality at the Master Robert Hotel said: “While this hotel holds many memories we are all very excited about the future and look forward to welcoming back our guests to a new fabulous hotel.”

Located on the Great West Road, Hounslow, the new development will offer easy access to Heathrow Terminal 5 and will be well placed for the Heathrow businesses in the area.
